- **Graphic Design:** Canva, Photoshop

Soft Skills

- Time Management

- Teamwork & Collaboration

- Problem-Solving

- Adaptability

Projects

Real-Time Vehicle Classification, Detection and Counting Using Machine Learning
A machine learning-based system capable of identifying and categorizing vehicles based on weight, size, and color. Useful for traffic monitoring, congestion analysis, and automated traffic management.

Automated Resume Screening Using NLP
Developed an NLP-based system to extract résumé features, calculate semantic similarity, and rank candidate profiles—significantly reducing screening time for HR professionals.

Languages

English, Hindi, Telugu
